ARRANGEMENT OF THE MAILS.

ARRANGEMENT OF THE MAILS.

The Great Eastern Mail from Baltimore, Philadelphia, New York, Boston, &c., and Buffalo, &c., will now be received by 0 celeck, a. m., duly; and the Mail to be sent from this office, to and by those places, will be elected as heretofore, art and 9 o'clock, p. m., daily.

The Southern Mail will be elected for delive at 8 o'clock, a. m., and will be received, as heretofore, daily by 5 o'clock, p. m.

The second Eastern Mail and Great Western Mail are received by 8 p. m., and closed at 9, p. m., daily. The Mail Trains, north of Philadelphia, are to arrive there in time to connect with the Train for Baltimore, which brings the Great Mail, to arrive here by 9 a. m. No Eastern Mail is received at this office on Sunday night, and no Eastern Mail, to be sent beyond Baltimore, is made up on Saturday night. Norfolk, &c., three times by Baltimore—Monday, Wednesday, and Friday; four times by Richmond—Puesday, Thursday, Saturday, and Sunday.

The Mail for Annapolis, Maryland, and Norfolk and adjacent places in Virginia, is closed every night, except Saturday, at 9 p. m., and is received ix times a week, with a Mail from Baltimore, Maryland, by 12 m.

The Mail from Georgetown, D. C., is received twice daily by 8 a. m., and 5 p. m., and it is closed for that place at the same hours.

The Mail from Rockville, &c., Mid., is received Monday.

The Mail from Georgetown, B. C., is received twice daily by 5 a. m., and 5 p. m., and it is closed for that place at the same hours.

The Mail from Rockville, &c., Md., is received Monday, Wednesday, and Friday, of each week, by 6 p. m., and it is closed for those places at 9 p. m. of the same days.

The Mail from Brockville, &c., Md., is received by 5 p. m. of Wednesday and Saturday, each week, and closed for those places at 9 p. m. of Monday and Thurs-day.

Upper Marlboro, &c., Md., received by 4 p. m., Monday, Wednesday, and Friday, and is closed same days at 9 p. m. of Monday, and saturday, by 5 p. m., closed Sunday, Tuesday, and Thursday, at 9 p. m., closed Sunday, Tuesday, and Thursday, at 9 p. m., elosed Sunday, Tuesday, and Friday, by 11 p. m., closed at 9 p. m., Monday, Wednesday, and Friday, by 11 p. m., closed at 9 p. m., Monday, Wednesday, and Friday, by 12 p. m., closed at 9 p. m., Monday, Wednesday, and Friday.

**For The postage on newspapers, and that on all printed matter addressed to any foreign country, is required to be paid in advance. The postage is also to be prepaid on letters and packets addressed to foreign countries, other than Great Britain, Iroland, and Scolland, and Bremen, in Europe, and some places to which they pass through the Bremen post office.

**For The Office is open from half-past 7 o'clock, a. m., to 9 o'clock, p. m., dally, except Sunday, and on that day it is open from half-past 7 to ten, a. m., and from 7 to 9, p. m.

WILLIAM A. BIADLEY,

PROSPECTUS OF THE "NATIONAL MON-UMENT,"

A weekly journal to be published in Washington, under the sanction of the Washington National Monument Society. JAMES C. PICKETT, ROTOR AND PUBLISHER.

The Monument is intended to be a literary, agricultural, and missellaneous paper. It will contain selections of the literature of the day—the best that can be found in American and English publications: interesting scientific articles, embracing mechanics; foreign and domestic news; a synopsis of the proceedings of Congress, and every thing that such a journal might be expected to contain, with the exception of party politics, which will be at all times most rigorously excluded.

The Monument will be published for the express and the sole purpose of aiding in the erection of the noble column now rising on the banks of the Potomac, in honor of the Father of his Country, and which every one who venerates the name of Washinston would rejoice to see completed. After deducting out of the subscription the expenses of the journal proposed to be published, the remaining funds will be faithfully applied, and without reserve, to the purpose indicated. The aid, therefore, of all who are willing to contribute to so patriotic an object, and one so entirely national, is carnestly requested. By subscribing to the Monument, a valuable journal at a low price may be obtained, while it will be doing something, at the same time, towards completing that majestic memorial of the Nation's gratitude.

The Board of Managers recommend Mr. Pickett, formerly fourth Auditor of the Treasury and Charge d'Affairs to Peru, who proposes to edit and publish tha Monument journal, as one well qualified to perform the duties of editor, and to conduct the paper faithfully, and satisfactorily to the subscribers. They assure their fellow-citizens that this enterprise is not a speculation got up for individual emolument. Mr. Pickett will make the experiment with his own means and at his own risk; if successful, he will receive nothing more, and he asks nothing more, than a very moderate compensation for his services. Not one dollar, therefore, of the direct subscription to the erection of the Monument will be, in any event, applied to the support of th

object of our exertions.

As all editors and publishers, on account of the object for which the Monument newspaper will be established, must wish it to succeed, it is hoped that they will contribute to its success by publishing this prospectus.

All moneys will be remitted, and all letters and moneys addressed prepaid, to the general agent of the Monument Society, Hon. Elishs Whittlessey, Washington.

Officers.—Millard Fillmore, exefficio President; Arch. Renderson, First Vice President; Watter Lenox, (Mayor of Washington.) Second Vice President; Thos. Carbery, Third Vice President; J. B. H. Smith, Treasurer; Geo. Watterston, Secretary.

Board of Mannars.—Winfield Scott, N. Towson, Thos. Munroe, W. A. Bradley, P. R. Fendall, Walter Jones, Thomas Blagden, Peter Force, W. W. Scaton, M. F. Maury, T. Hartley Crawford, Benj. Ogle Tayloc, Elisha Whittlesey.

Terms.—The Mosumann will be printed on a double-royal sheet—the paper and typ being of the best quality—and in quarto form, containing sixteen large pages, that it may be more easily preserved. The price will be two dollars per annum, payable on the receipt of the second number. The nature of the enterprise not admitting of any credit, none can be given.

Societies and clubs will be furnished with the Monument on the following terms: 3 copies for \$5.5 copies, \$8: 10 sopies, \$15; &c.

Those who are disposed to patronise the Monument are requested to forward their names to the General Agent, without delay. The first number will be published early in May, and the second on the second day of August, and weekly thereafter; time being allowed for the Prospectus to be derendated, and for the agents to make returns. As all subscribers will be contributors to the Monument

all subscribers will be contributors to the Mor liself, their names will be published in the paper. WASHINGTON, April 23, 1851.

WASHINGTON, April 23, 1851.

ODFREY PATTISON, & CO., OF NEW YORK, It take leave to inform their friends and the public, that they have taken up the Importing Business on their own account. For the future they will confine themselves strictly to the Commission Business, for the purchase of dry goods, in Glasgow, Scotland.

From their long experience in the trade, they feel confident that they can promote the interest of those engaged in the importation of dry goods, and they respectfully solicit orders, which shall have their best attention.

The name of the firm in Glasgow is changed to Godfrey Pattison & Co...

No exhibitor of Agricultural Implements at the above named. Fair, having received one-half the amount of premiums awarded us on the different kinds of Implements and Machines, it is conclusive vidence that ours were considered the best and most valuable on exhibition.

At the great fair of the Maryland Institute, for the promotion of the Mechanic Arts, held in Baltimore in October and November, 1850, the first premium (a heavy filver Medal) was awarded to Eara Whitman, ir., for the largest and best display of Agricultural Implements. Also first premium (another Silver Medal) for his Improved Wrought Iron Baliway Horse Power, which was made for exhibition at the World's Fair, in London, in May, 1851.

Our stock this season will be the largest ever offered in this city, and probably the largest in the world, consisting of more than 8,000 Ploughs, 250 Threshing Machines, 1000 Wheat Fans, 1000 Cern Shellers, 500 Straw Gutters, 1000 Wheat Fans, 1000 Cern Shellers, 500 Cultivators, Reaging Machines, Wheat Drills, Corn and Cob Crushers, Burr Stone Mills, Cider Mills, Hay and Oction Premss, together with every article which a farmer planter could wish in the prosecution of his pursuits; all of which will be sold on reasonable terms, at wholesale or retail.

At the old stand, 56 Light st., Baltimore, Md.

FRESH SPRING GOODS 1'OR 1861

CAMPER, BERKELEY, & BRUFF, No. 245 Baltimore street, have received an entirely new and choice assortment of English, French, German, and American Dry Goods, sustable for the spring trade, embracing at the various styles pertaining to their line, and to which they invite the attention of their castoniers and mer chants generally visiting this market.

Austin's Magie Freezer,

Through in six minutes. For the preparation of Ice Creams, Water Ices, &c.—Patented September 19, 1848.

THE distinguising merits of this Apparatus are—Ist. The astonishing rapidity of the process, surpassing belief—hence the name.

24. The Cream during the progress of freezing becomes charged with atmospheric air, by which it nearly doubles in bulk, and obtains that peculiar smoothness, lightness, and delicacy of flavor, for which the Ice Cream of our best Confectioners is so highly prized.

2d. It does not require a tenth part of the labor that the common Freezer does.

4th. It does its work better, producing a better article, in every respect, than by any other mode.

5th. There is a considerable saving in ice, as the tub needs no replenishing during the operation.

The annexed testimonial from the Proprietor of the Eutaw House will put to rest all doubt.

"Having witnessed the process of freezing Ice Cream in Austin's Magie Freezer, two quarts of Cream having been frozen in the incredible short time of six minutes, I cheerfully recommend it to the public."

H. F. JACKSON,

Eutaw House, Baltimore, May 15, 1848.

cheerfully recommend it to the public."

H. F. JACKSON,

Eutaw House, Baltimore, May 15, 1948.

"This is to certify, that during the summer of 1848, I used one of Austin's Patent Ice Cream Freezers of the largest size, (10 gallons,) making from 10 to 50 gallons per day during the season; and so far as regards expedition and power, I consider it decidedly the best freezer now in use, as I have had with it no difficulty in making ten gallons of superior quality Ice Cream from five of plain Cream, in thirty minutes from the time I commenced working it.

AMERICAN HOUSE, HANOVER STREET, BOSTON.

AMERICAN HOUSE, HANOVER STREET, BOSTON.

THE Undersigned having entirely rebuilt and enlarged the above extensive establishment, containing in all about three hundred and fifty rooms, would respectfully give notice that it is now ready for the reception and accommodation of the travelling community.

An extended notice of the unsurpassed conveniences of this House is deemed superfluous, as the numerous improvements which have been made cannot be properly given in an advertisement. Suffice it to say that no expense has been spared to render any apartment perfect.

The furniture was made expressly to order, regardless of cost, and certain portions of it, especially the Drawing-rooms, will be found to be of the most beautiful and tasteful manufacture. The Dining-rooms are capacious, and the hours for meals will be so arranged as to suit the convenience of the early and late.

Every department will be conducted in an unexceptionable manner, and the Proprietor pledges himself that the American House sha libe truly the Traveller's Home mar 24

DELAWARE COLLEGE.

III. The Constitution of the United States; Astronomy, finished; The Science of Heat; Thermo-Electricity; Chemistry and Geology.

PHILOSOPHICAL APPARATUS.

The College is provided with a Philosophical Apparatus.

PHILOSOPHICAL APPARATUS.

The College is provided with a Philosophical Apparatus that furnishes ample means of experimental illustration in all the different branches of Natural Philosophy. The sum of three thousand dollars has recently been expended, partly in this country and partly in London and Paris, in the purchase of new apparatus, adapted to the present advanced state of the Physical Sciences.

EXAMINATIONS.

EXAMINATIONS.

At the close of each study, or branch of study, the members of the class are carefully examined, and, at the close of the year, in all the studies of the year, in the presence of a Committee of the Trustees; and their attainments are communicated to the Board of Trustees.

RELIGIOUS INSTRUCTION. RELIGIOUS INSTRUCTION.

In addition to daily morning and evening prayer, divine worship is held twice on every Sunday, and the recitation on Monday morning is always in the Greek Testament. At the request of his parent or guardian, a student is permitted to attend any place of worship which himself or the parent or guardiam may select. One member of the Faculty will attend at each of the different places of worship (Presbyterian, Episcopalian, and Methodist) in the village, and note all absentess.

Two at least of the Professors, with their families, will reside in the College buildings, and will board at a common table with the students, who are required to occupy such rooms as may be assigned them by the Faculty.

ADMISSION.

such rooms as may be assigned them by the Faculty.

ADMISSION.

In order to admission to pursue the entire course, a student must be at least fourteen years of age; must give satisfactory evidence of good moral character; and must sustain an examination in the following studies, viz:

Arithmetic, Elements of Algebra, Latin and Greek Grammar, Jacob's or Felton's Greek Reader, and the first two books of Xenophon's Anabasis, Jacob's or Decring's Latin Reader, Sallust or Cæsar, Cleero's Select Orations, and Virgil, or what shall be deemed equivalent.

EXPENSES.

Board is furnished with the families of the Pro-

Board is furnished with the families of the Professors at two dollars per week.
Washing, at the usual rates.
All dues are payable in advance. The tuition is remitted, on application, to all students designed for the Ministry.
The tuition fee for Modern Languages will be eight dollars per session, to be paid to the Instructor in advance.
For students who do not design to prosecute the whole Course required for a degree, a more limited range of studies is furnished, adapted to the sphere and course of life of each individual, so far as such can be reasonably anticipated.

ipated.

The studies of this Course are arranged under the following departments, to wit:

1st. A Mathematical Departments—In which, beginning with Arithmetic and Algebrs, the student will be carried, seriatiss, through all the higher branches of the Mathematics, ending in their application to Natural Philosophy, Astronomy, &c.

2d. An English Department—Comprising instruction in Orthography, Reading, Elecution, Grammar, Writing, Geography, History, Composition, Rhetoric, Logic, Intellectual Philosophy, Moral Philosophy, Political Grammar, Story on the Constitution, Philosophy, Ornithology, Natural Theology, Elements of Criticism, and Evidences of Christianity.

tural Theology, Elements of Criticism, and Evidences of Christianity.

3d. A Mercantle Department—In which will be imparted an acquaintance with all that is necessary to quality youth for the immediate duties of the counting-house, including—

1. Penumanship—By an original and popular system of this art, which invariably produces a bold, finished hand, peculiarly adapted to the purposes of the accountant and business man.

2. Artifunctic—Comprising numerous abbreviated me-

business man.

2. Arithmetic—Comprising numerous abbreviated methods of computing Interest, Discount, Equation of Payments, &c., and other mercantile calculations founded on per centage; together with all such operations as are requisite for a thorough knowledge of the business of the

per centage; together with all such operations as are requisite for a thorough knowledge of the business of the counting-room.

3. Book-keeping—Single and Double Entry, by the most approved methods. A complete course of instruction in this branch will be furnished, designed to fit the student to take charge of any set of secount books.

4th. An Acaucultural Department—Comprising a selection from the English and Mathematical courses; and, also, Surveying, Botany, Mineralogy, Geology, Chemistry, and Agricultural Chemistry; the last two illustrated by experimental lectures.

5th. A Civil Engister Department—In which are taught Arithmetic, (mental and written,) Algebra, (mental and written,) Geometry, Trigonometry, Surveying, with the use of instruments in the field, Practical Engineering, Architecture, Perspective, Draughting, and Topography.

6th. A Talcher's Department—The course of study will consist of a judicious selection of subjects from the other departments, including all the branches pursued in our common school Practical Lectures will also be given on School Teaching, both as a science and as an art.

Pupils will not only thus receive the fullest instruction relative to the best and most popular methods of teaching, but they will also have opportunities of exemplifying them, by hearing recitations in the lower departments of the Institution.

7th. A Department of Modern Language—In which students who wish to take a thorough course can have an opportunity of doing so; while others, whose object may be to acquire sufficient knowledge to translate with facility, and to pronounce with to trable correctness, in as short a time as possible, are also provided for.

Newark Academy.

Newark Academy.

By a late re-organization of this department of Delaware College, the Board of Trustees have taken measures to place it upon a new and improved foundation, and to endow it with advantages possessed by few similar institutions in the country. The Academy, heretofore merged in the College, and of course subjected to all the evils which have been found to attend the amalgamation of the two departments in the same building, and under the same government, now enjoys the privilege of a separate establishment, without losing those which result from its relation to the College proper.

A large and elegant edifice, with all the necessary fix tures of a complete boarding establishment, has been erected and furnished, in which the students of the Academy board, under the immediate charge of the Principal and his Assistants; and all its exercises are conducted on a system of its own, uninterrupted by the interests or operations of the other department. The furniture of the study-rooms and dormitories has been chosen with peen-liar reference to comfort and convenience for study; and no expense has been spared in providing the apparatus necessary to render the means of instruction complete; giving to Newark Academy facilities for priceds study and comfortable accommodation of students, fully equal to those afforded by many of our colleges.

From its intimate relation to the College, students of the Academy enjoy many advantages not generally obtained at institutions of this kind. Those who wish to pursue some particular branch which falls more properly within the College classes. Students also of proper age and discretion, by recommendation of the Principal, and permission of the Faculty, may enjoy the use of the College Library without additional charge. Admission also may be had to the Lectures, and such other privileges of the College a can be profitably enjoyed by academical students.

The charge for Boarding, Washing, Fuel, Light, &c., with twitting in the English. Latin, and General legals.

the cottege as can be promisely enjoyed by academical students.

The charge for Boarding, Washing, Fuel, Light, &c., with tuition in the English, Latin, and Greek, is seventy deliars for the Summer Session, and seventy-fire for the Winter Session. The only extras are one dollar per session for incidental expenses, and a fee of eight dollars for Modern Languages, and a fee of five dollars for Drawing, from those who enter these classes. The sessions and vacations of the Preparatory Department are the same as those of the College.

Rev. MATTHEW MRIGS, A. M.,

WILMINGTON BOARDING SCHOOL Tapecott's General Emigration and Foreign Ex-

WILMINGTON BOARDING SCHOOL
FOR BOYS.—This institution is situated in one of the healthlest parts of the city of Wilmington, ontirely beyond the settled portions of the town. The uniform healthfulness of the location may be inferred from the first that, since the establishment of the school, about twenty-eight years, very few cases of serious indisposition have occurred among the pupils, and not a single death either here, or from discases contracted while here.

The course of instruction includes, besides the ordinary English branches, Natural Philosophy, Chemistry, Physicology, History, Rhistoric, the various branches of Mathematics, and the Latin, Greek, and French Languages. Particular attention is paid to the higher Mathematics and their application to Mechanics and Engineering; the latter and Surveying are taught practically by field operations, with the use of appropriate instruments. Lectures on Natural Philosophy and Chemistry, in which all the important principles are illustrated by experiments, are regularly delivered before the students.

As the object is to make the instruction as thorough and practical as possible, no expense has been spared in providing suitable apparatus. It is believed that, in this respect, the Institution will compare favorably with any similar one in the country. A carefully selected library, of more than one thousand volumes, containing works on the various branches of Literature and Science, furnishes ample reading matter; while a Laboratory, fully supplied with apparatus and tests, contains all that is necessary for practical instruction in Chemical Manipulation.

The school year commenced on the third Second-day (Monday) of the Ninth month, September, and is divided into four quarters of eleven weeks each, leaving a vacation of two months, from about the middle of the Seventh month (July).

THE TESTIMONY OF ONE OF OUR LAWYERS.—
Mr. JAS. L. HAMILTON.—DEAR SR: Although the number and respectability of the testimonials of which you are already in possession, as to the efficacy of your Medicine, "THE GREAT VA. REMEDY," in the diseases which it is designed to cure, are sufficient, in my opinion, to establish its reputation, and secure for it such patronage as will adequately reward you for the discovery of so inestimable a Medicine—yet the great benefit which I have derived from its use, and the salutary effects which I have derived from its use, and the salutary effects which I have derived from its use, and the salutary effects which I have derived from its use, and the salutary effects which I have derived from its use, and the salutary effects which I have derived from its use, and the salutary effects which I have derived from its use, and the salutary effects which I have derived from its use, and the salutary effects which I have derived from its use, and the salutary effects which I have derived from its use, and the salutary effects which I have derived from its use, and the salutary effects which I have derived from its use, and the salutary effects which I have derived from its use, and the salutary effects which I have entirely effects of the chest, palpitation of the heart, vertigo and congestion in the head, and many other symptoms indicative of the worst type of the disease, by the use of three or four bottles of your preparation, been entirely relieved. The cases of my friends, in which your Medicine was taken, were Dyspepsia, Chronic Headache, and Sore Throat, in all of which it proved effectious, after the trial of a vast number of other remedies without benefit. Your medicine is as pleasant to the taste as a cordial, and in my experience corrects all derangement of the stomach, restores the wasted or enfeebled energies of the digestive organs, and imparts strength and reanimation to the whole system.

Very respectfully, yours, &c.,

J. HOWARD GRIFFITH,

Marshall

VALUABLE LAW BOOKS. W E invite the attention of the Profession, and other desiring Law Books, to our very extensive stock which, we believe, contains the best assortment of American Publications in the United States. Particular attention given to furnishing or completing Libraries for the Departments, Associations, and States.

Orders by mail promptly and carefully executed.

English Common Lan Reports English Common Law Reports,

58 Folumes, with a complete index to the first 47 Volumes.

Since volume 39 of this series, The English Common Law
Reports have been reprinted in full. With volume 44, we
commenced binding each English volume separately, instead of, as formerly, two English in one American volume.

Price—For the first 43 vols., \$3 50 per vol.

For the succeeding, 2 50 "

The reputation which these Reports maintain in England and in the United States is known to all the Profession. The low price at which they are offered, compared
with the rates of some of the principal American Reports,
of even inferior merit, recommends them particularly to
the attention of those purchasing Libraries.

A General Index to the first 47 Vols. of the Eng lish Common Law Reports.

By Hon. Genom Sharswood and George W. Biddle.
Esgre. 1 vol. 8vo.—\$5 00.

With this Key to their contents, the English Common Law Reports present to the Profession a mass of legal learning in the shape of Opinions, Data, elaborate Arguments, &c., &c., sufficient, probably, for the Elucidation and Prosecution or Defence of any case that can arise in our Courts of Law; and being thus made easily and in stantly accessible, these Reports will be found so comprehensive, convenient, and cheep, as to supersede the necessity of other or more expensive scales.

The Index will be found of great value to all possessing the Reports; and of great convenience to those having access to, but not owning the series.

Equity.

To be reprinted in full, in best style, with American Notes, by J. I. CLARK HARE and H. B. WALLACE, Esqrs, at \$2.50 per vol., bound.
Including McClelland and Younge, Younge and Jervis, Crompton and Meeson, Crompton, Meeson and Roscoe, Meeson and Younge and Collyer—in Equity.

Compton and Section of Compton and Collyer—in Messon and Roscoe, Messon and Younge and Collyer—in Equity.

Messon and Walsby, in 19 vols., Welsby, Hurlstone and Gordon, vol. 1, published and ready for delivery.

B We take pleasure in referring to the accompanying letters, explanatory of the character of these Reports, and their value to the Profession in this country:

Messrs. T. & J. W. Johnson:

Gentlemen—In reply to your letter, I can with great sincerity say, that I entertain a very high opinion of the recent Exchequier Reports. In my judgment they are not excelled by any cotemporaneous Reports, in learning, ability, or general utility and interest. The cases decided are discussed with great care, and expounded with uncommon force. I scarcely know of any volumes which I deem of more importance or value for a Professional Library.

JUSEPH STORY.

Cambridge, January 25, 1845.

Gentlemen: Your letter of the 24th has been received, in which you ask my opinion as to the value of the English Exchequer Reports, from Price downwards to this time, to an American Lawyer, and as to the expediency of reprinting them in this country. Of the high value of these Reports, both on the Pleas and Equity sides of the Court, I have not the least doubt—the decisions of this Court for the last fifteen or twenty years, both at Equity and in Common Law, being entitled to equal respect with any others in England. I should think an American Lawyer's Library essentially incomplete without them.

I am, gentlemen, very respectfully yours, SIMON GREENLEAF.

Mesers. T. & J. W. Johnson.

Law Library.

Law Library.

Pourth Series—Porty Folumes.

Twelve Dollars a year, bound—Ten Dollars in Numbers.

The cheapest Law Periodical in the United States.

It is our determination to make the Law Library the cheapest series of reprints of English Law publications in this country. The Editorial Department will, we trust, be found fully to realize the expectations of those who have enjoyed Smith's Mercantile Law, Touchstone, Broom's Legal Maxims, Archbold's Nisi Prius, Archbold's Landdord and Tenant, Crabb on Real Proporty, Smith on Contracts.

The high reputation which the "Law Library" has acquired throughout the United States, by the character of its volumes, and by the cheap rate at which its valuable contents have been presented to the Profession, is the best evidence we can offer of its merits and its claims for your support. We hope, and will aim, to retain this high character.

Leading Cases in Law and Equity. Leading Cases in Law and Equity.

In Three Series—With American Notes.

1. White and Tudor's Leading Cases in Equity, I vol.
5 to 34 50; with copious and elaborate American Notes, by Messrs. Hare & Wallace.

2. Smith's Leading Cases, 2 vols.—\$10.

Third American Edition—with Notes and References to late & glish and American Decisions, J. I. Clark Hare and H. B. Vallace, Esqrs.

3. A nerican Leading Cases, 2 vols.

Containing voluminous and learned notes of the Leading Cases in Mercantile Law decided by the American Courts. Edited by John Innis Clark Hare, Req., and Horace Binney Wallace, Esq.—\$3.

The English Ecclesiastical Reports.

The English Ecclesiastical Reports.
Seven Volumes—\$24 50.

Furnish a series of Decisions in the Ecclesiastical Courts of England and Scotland, from 1790 to 1888, and contain seventeen English volumes condensed in seven.

"We respectfully commend this series to the notice of the Profession. It contains the only reports of the many important cases of Wills, Scittements, Divorces, &c., and covers the whole of that important branch of the law embraced in this country by the Orphans' Court 'ractice.

"It would be difficult to point to any English Reports of more general value in the United States, than this selection of Decisions."—Marvin's Legal Bibliography.

British Crown Cases Reversed.

Three Folumes—180.

From 1786 to 1840—To be continued.

The Decisions upon the Crown Cases reversed for the consideration of the Twelve Judges of England, are of the first importance to the due administration of the criminal justice of the country; and in committing to the press those which have occurred during a recent period of more than forty years, the publishers believe that they are making an acceptable communication to the Profession and the public.

The three volumes already published contain all the Reversed Cases since Leach.

NOTICE.

BALTIMORE AND WASHINGTON RAILROAD.

On and after WEDNESDAY next, 9th instant, the station on Pennsylvania avenue will be vacated, and the new one on New Jersey avenue occupied.

The Passenger trains will leave the latter, commencing at 5 p. m., as usual, at 6 and 9 a. m. and 5 p. m. daily, except on Sunday, when but two trains run, viz., at 6 a. m and 5 p. m.

In making this change, the undersigned desires to call attention to the rules of the Company, in regard to the reception and delivery of merchandise:

1st. Shippers are reminded, that in all cases a bill with full directions should accompany the goods.

This is for the protection of both parties, and unless complied with the goods cannot be received.

2d. Consignees are notified that all merchandise must be removed on the same day upon which it is received, as the Company cannot held itself responsible for any thing left in its house during the night.

The hours for reception and delivery of merchandise are from 8 a. m. till 4 p. m.

The undersigned takes occasion to remark that these are not new regulations, but he has been compelled to call attention to them from their frequent violation, which has caused much and serious inconvenience.

T. H. PARSONS, Agent. BALTIMORE AND WASHINGTON RAILROAD.

FURNISHING MAIL LOCKS AND KEYS.

FURNISHING MAIL LOCKS AND KEYS.

Post Office Department, March 14, 1851.

I T being desirable to substitute locks and keys of some other kind for those now in use for the mill service of the United States, specimen locks and keys, with proposals to furnish the same, will be received and considered at the Post Office Department until the first day of July next. The different locks will be submitted to a commission for examination and report. Upon this report, contracts will, as soon as practicable, be entered into for furnishing such locks and keys for four years, with the right on the part of the Postmaster General, for the time being, to extend and continue the contract in force for an additional term of four years, by giving to the contractor a written notice to that effect, not more than nine nor less than six months before the termination of the first term of four years.

With a view of proposing the best lock of the lock.

tional term of four years, by giving to the contractors written notice to that effect, not more than nine nor less written notice to that effect, not more than nine nor less with an six months before the termination of the first term of four years.

With a view of procuring the best lock at the lowest price, no kind of lock is prescribed as a standard, the Department relying for a selection on the mechanical skill and ingenuity which a fair competition, now invited, may develop. It is, however, proper to state that a lock suitable for the mail service should possess the following qualities, viz; durability, uniformity, lightness, and strength. For the purpose of displacing simultaneously all the mail locks and keys now in use, about thirty thousand new locks and twenty thousand keysadapted thereto will be required to be furnished by the contractor within seven months after the contract shall have been entered into; afterwards the annual supply will depend on the durability of the locks and keys adopted, as well as the increase of the mail service; but it will probably never exceed in amount three thousand of the former and one thousand of the latter.

No lock will be considered if it be like any already in general use; nor will any one with whom the contract may be made be allowed to make, sell, or furnish, any lock or key similar to those contracted for for any other purpose or use than that of the Post Office Department. The kind of lock adopted must be patented, and the patente will be required, on entering into contract, to make an assignment of his patent for the exclusive use and benefit of the Department, if the Postmaster General shall deem such requirement essential to the interests of the service. In case of the failure of the contract and benefit of the Department, if the Postmaster General shall deem such requirement assential to the interests of the service in case of the failure of the contract and benefits of the through mails the lock of one bidder, and for the way mails that of another. He rese

HUNT'S MERCHANTS' MAGAZINE

BY FREEMAN HUNT, EDITOR AND PROPRIETOR.

THE Number for December, 1850, completed the twenty-third semi-annual volume. The work has been enlarged since its commencement in July, 1859, and each volume now contains more than seven hundred large cotavo pages. A few complete sets of the Magazine may be obtained at the publisher's office, 142 Fulton street. New York, neatly and substantially bound, for two dollars had a half per volume.

The following are a few of the many commendatory letters received by the editor of the Merchants' Magazine from distinguished statesmen:

Letter from the Hon. Henry Clay.

Dear Sir: I wish to express to you the grainfection I derived on receiving the July number of the Merchants' Magazine and Commercial Review, from viewing your portrait in the beginning, and from reading your address to your friends at the end of it. When we feel under obligations to those who have contributed to our information and annusement, we are naturally desirous to possess all the knowledge of them, of their appearance, of the features of their countenance, and of the character and habits of their mind, which we can acquire. You have placed your numerous readers (at least you have me, if I may not speak for them) under those obligations; and the number of your valuable work now before me, if some degree, satisfies the desire to which I have alluded.

I have become quite familiar with the Magazine and Review, and have no hesiation in expressing my humble opinion that it is eminently entitled to the public regard and support. It collects and arranges, in good order, a large amount of valuable statistical and other information, highly useful not only to the merchant, but to the statesman, to the cultivator of the earth, to the manner, in short, to all classes of the business and reading community.

Entertaining this opinion, I am giad that it has been, and hope that it may continue to be, liberally patronized.

Officing you cordial assurances of my esteem and regard, I am truly your friend and obedient servant

"I have read it (Merchants' Magazine) with a good deal of attention, and have no hesitation in saying that I think it one of the most valuable periodicals that was ever published. To the merchant it seems quite indipensable, and to the statesman and man of general information almost equally desirable. It is a grand repesitory of useful facts and information, which can be found nowhere so well digested and so accessible as in these numbers. I only regret that I do not over the whole work."

where so well digested and so accessible as in these numbers. I only regret that I do not own the whole work."

Letter from the Hon. Thomas H. Benton.

Washington Cirty, April 20, 1849.

Mr. Freeman Hunt.—Sir: I owe you many thanks for the opportunities I have had to read the Merchants' Magazine, and have found it in reality to be a magazine, and that well replenished, of all the useful matter which the title would imply, and presented with a fullness and clearness which delights while it instructs. It is, in fact, a merchants' magazine in the large acceptation of the term—merchants who go between nations, whose large operations bring many departments of knowledge, and a view of the state of the world, into daily requisition. But it is not the great merchant only, but the one of more modest, but, nevertheless, of most useful operations—the merchant of the interior also—who will find this magazine to abound with the information the purent of his business and the clevation of the mercantile character requires. Nor is its utility at all confused to merchants, but extends to the legislator and diplomatist, and to all who are charged with managing the affairs of the antion. For myself, I have found it most useful to me in my senatorial labors, and have been in the habit for many years of carefully consulting it.

Very respectfully, sir, your obscient servant, Yery respectfully, sir, your obscient servant.

I take the goodness to place my name on your list of subscribers for the Merchants' Magazine. I regard it as an invaluable work for the use of all who would understand not merely commercial operations in this extending country, but the fiscal and commercial questions involved in the administration of the government.

I am, with great respect, your bumble servant.

I am, with great respect, your humble servant,
Freeman Hunt, esq. WILLIAM H. SEWARD.
The Merchants' Magazine is published monthly, at 142'alton street, New York, by Freeman Huns, and the
inished to subscribers for Five Dollars a year, in advance.

SPRING IMPORTATION.

& S. PHIPPS & CO., 64 and 66 Broadway, New York, and 16 Milk street, Boston, are now re-ceiving a complete assortment of British, French, and Ger man Staple and Fancy Dry Goods, which they offer on liberal terms. N. B. Will receive the newest style of Dress Goods by every steamer. A large assortment of Trimming Goods always on hand.

BALTIMORE PIANO FORTE MANUFACTORY. ELASTIC* UNIVERSAL TOUCH.

WISE & BROTHER, Manufacturers of Boudoir, Grand, and Square France, request those who would be assured of a first class Plano, one that laddes can perform on with the greatest possible advantage—one that the touch can be instantly adjusted to the exact strength of the far gers and movement of music, one that will stand in concert tune, one that the tone will not become shrill and crating, that is chaste of style and elegantly made up of straight and regular curve lines, that will last an age—to give them a call. The ancient standing of the Bultimore Factory, and liberal patronage of citizens and others of the first order of artistic taste and science, conceded at once the most critical, have been fully anticipated. Their recently finished Grand Fiano, minutely reviewed by the most accomplished civil engineers and master artists, has been denominated truly a Grand Piano; also, that their late Boudoir, for style, power, and compass of tone, is not surpassed, if equalled, in the world. Friends and customers, please stop in and examine for yourselves.

J. J. WISE & BROTHER,
No. 31 Hanover street, Baltimore.

* Elastic, because the keys recover their quiescent place in time equal to the displacing. Universal, because the same instrument may be instantly altered to any degree hard, or soft touch, so that ten thousand or more performers, all different, may each find the touch they prefer.

COLD SPRING WATER CURE.

THIS NEW AND SPLENDID ESTABLISHMENT for the scientific treatment of the various diseases with which the human system is afflicted, is situated about three miles from all points as to be reached without inconvenience or delay.

A line of omnibures runs from the steamboat landings in Buffalo to the springs every ten minutes.

The house and grounds are near the extensive and beautiful green-houses and unseries of the Messes. Hodges & Bryants; and the scenery in all directions is unsurpassed, as regards either variety or beauty; embracing points of view, from which may be taken in at a glance the broad expanse of Lake Erie, the Niagara flowing majestically towards the Falls, extensive forests, and the "Queen City of the Lakes," with its moving panorama of steamboats and ceaseless enterprise.

The water, taken immediately from the celebrated ("Cold Spring," is unsurpassed as regards coidness and purity, by any in the United States. The house, recently exected at a cost of about seven thousand dollars, has been fitted up in a neat and elegant style, at considerable extra expense, and is sufficiently expacious to accommodate seventy-five patients.

Connected with the establishment, and constituting one of its attractions, are the fixtures and conveniences for innocent and healthful gymnastic exercises.

MEDICAL DEPARTMENT.

MEDICAL DEPARTMENT.

MEDICAL DEPARTMENT.

The institution is under the general supervision of 8. M. Davis, M. D., Professor of the Theory and Practice of Medicine in Central Medical College, and Geo. W. Davis, M. D., formerly of Dansville, N. Y., the resident physician, and is permanently associated with the before mentioned gentleman ar counsel, and associate of the medical board of control. And the friends of the establishment deem it a matter of felicitation that the services of Miss Mary M. Taylor, a lady of high medical attainments, who has attended two courses of lectures in the Central Medical College, have been secured, and that female patients can at any time avail themselves of her invaluable aid and counsel.

The staward's department is under the control of a general

sel.

The steward's department is under the control of a gentleman eminently qualified for that position; and unwearied pains will be taken to have every thing apperiaining
to the establishment arranged on a pian, and conducted
in a way, to ensure the comfort, and promote the health
and happiness of all who may wish to avail themselves of
the benefits. Baths of all descriptions, adapted to the cure
of the various forms of disease, and constructed on a scale
not inferior to those of any other establishment in this
country.

of the various forms of disease, and constructed on a scale not inferior to those of any other establishment in this country.

An enlightened public sentiment has everywhere repudiated a reckless use of drugs in the treatment of disease; while intolerable sufferings and broken constitutions have imperatively demanded "Reform." A return from a vide and fatal departure from the simplicity of Nature's laws is called for, alike by a rational love of happiness and the deplorable exigencies of our condition. Hydropathy, or a scientific use of water as a restorative and surative agent, is a practical substitution of a simple and remarkably efficacious mode of curing the sick; for that system of drugging, depleting, and cauterising, which, in obtaining the mastery over disease, too frequently places the patient beyond the reach of further annoyance. The success of the various Water Cure establishments in this country, to say nothing of any other, has fully confirmed the hopes of the early discoverers and promulgators of the great truths upon which the system is founded, and renders verbal communications unnecessary. It is deemed sufficient to say, that the "Cold Spring Water Cure" will compare favorably with any of the well-conducted establishments of a similar character, and will be found equal to the best, as regards the order, convenience, and desirablences of its arrangements. The institution is now open for the reception of patients, and in full operation.

TERMS.

For board, medical advice, attendance and nursing, &c., from \$7 to \$14 per week, payable weekly, varying according to the room and attention required. Each patient will be required to furnish two linen sheets, two cotton comforters, one woollen blanket, and four towels; or, where it is not convenient for the patient to furnish them as above, they can be supplied at the establishment by paying fifty cents a week.

All communications for medical advice should be addressed either to S. M. Davis, M. D., or to George W. Davi M. D., 239 Main street, Buffalo, N. Y.

S. M. & G. W. DAVIS & Co., Buffalo, mar. 24— 34.
